

Harsdorfer Malzfabrik

Frank Schütz e.K.

Status: 01/2023

Productspecification: Schuema®Ca rye

Dark caramel malt made of selected local rye. Through the gentle production in the drum roaster, an almost complete caramelization takes place. The enjoyable sweetness and the intensive caramel note increase the palatfulness and improve the foam. Suitable for use with all strong malty rye beer types.

Raw material: malting rye

Origin: Germany

Ingredients: rye, water

Parameter	Minimum	Maximum	Unit
Water content		4,5	%
Fine grist in dry matter	78,0		%
